* EBHO greatly appreciates the support from all of our members. Many thanks to those organizations (indicated with a star) that contributed at our special membership levels!
All faiths believe in human dignity. All religions believe in shelter as a basic right.

EBHO’s Interfaith Communities United expresses deep gratitude to the faith communities who work with us to create access to housing for all people. In our campaigns, we are lifting up the dignity of the land and the dignity of its current and potential residents. Through faith-rooted organizing, we are making a more Sacred Bay Area for ALL of God’s children.

At U.S. Bank, our success is directly related to the success and vitality of the communities we serve. And we believe strong communities help make a strong economy. That’s why we feel it’s important to partner with organizations like East Bay Housing Organizations to provide corporate leadership on issues of community importance. Because no company gains the same strength alone as it can with the help of others.
