Kelsey Village, a HUD 811 - Sacramento, CA

Sunseri Construction is one of the few general contractors with a company culture that truly supports the mission of providing affordable housing. Donny and his staff believe in working as part of a team through all phases of development, have extremely high standards of performance, and at the same time, prioritize their relationships with nonprofits above all else. Sunseri is a general contractor you want to be working with when project challenges arise. Their ability to problem-solve and make decisions for the good of the project constantly impresses me and I worry less when they are part of the development team.

## EBHO's Interfaith Communities United

*Building a Movement for Housing Justice*

EBHO's Interfaith Communities United lifts up our shared humanity through partnerships between faith communities and housing advocates.

We celebrate the distinct role of the faith community in lending our compassionate, moral voice to shared values such as shelter as a human right, treasuring diversity and love of neighbor, and lifting up the dignity of all people.

### Join us to:

- Spread the word to congregations at Housing Sabbath during Affordable Housing Week
- Break bread together at our "Shelter in a Time of Storms" breakfast each fall
- Become trained in faith-rooted organizing so together we can build the beloved community, with shelter for all.

We seek to weave a web of justice and relationship on immigration, racial inequity, low-wage jobs, criminal justice, housing insecurity, education, and health care access.

We are joined by mosques, synagogues, churches, religious housing, food and shelter organizations, and advocacy organizations like BOSS, Black Alliance for Just Immigration, Interfaith Committee on Work Justice/East Bay Alliance for a Sustainable Community, Northern California Interreligious Conference and more.

To learn more, please visit [www.EBHO.org](http://www.EBHO.org) or call 510-663-3830

## The Housing & Community Development Department assists Oakland residents and neighborhoods by:

- Financing development of affordable housing – both to provide better housing opportunities and to revitalize neighborhoods throughout the city.
- Stabilizing rents and improving opportunities for home ownership.
- Providing a variety of community services and facilities for low and moderate income Oakland residents.
